			NGR 5001 Foundations of Nursing Practice Across the Lifespan	NGR 5001L Foundations of Nursing Practice Across the lifespan Clinical Immersion	NGR 5002 Health Assessment and Promotion Across the Lifespan	NGR 5003 Pharmacology Across the Lifespan	NGR 5004 Pathophysiology Across the Lifespan	NGR 5005 Care of Adults Across the Lifespan: Common Health Problems	NGR 5005L Care of Adults Across the Lifespan: Common Health Problems Clinical Immersion	NGR 5006 Mental Health Nursing Across the Lifespan	NGR 5006L Mental Health Nursing Across the Lifespan Clinical Immersion	NGR 6002 Advanced Health Assessment	NGR 5007 Care of Adults Across the Lifespan: Complex Health Problems	NGR 5007L Care of Adults Across the Lifespan: Complex Health Problems Clinical Immersion	NGR 5008 Nursing Care of Women, Children, and Families	NGR 5008L Nursing Care of Women, Children, and Families Clinical Immersion	NGR 6140 Advanced Pathophysiology	NGR 6172 Advanced Pharmacology	NGR 5009 Informatics and Healthcare Technologies in Nursing Practice	NGR 5009L Organizational and Systems Leadership and Policy	NGR 5009 Population Health Promotion and Management Across the Lifespan	NGR 5009L Population Health Promotion and Management Across the Lifespan Clinical Immersion	NGR 5010 Care of Persons Across the Lifespan: Transition to Professional Nursing Practice	NGR 5010L Care of Persons Across the Lifespan: Transition to Professional Nursing Practice Clinical Immersion	NGR 5011 Healthcare Quality and Safety in Professional Nursing Practice	NGR 6803 Integration of Evidence in Advanced Nursing Practice
CONTENT	BSN (Entry Level) Competency: Domain 1 Knowledge of Nursing Practice	Integrate, translate, examine, and apply scientific findings from the arts and sciences, nursing, biopsychosocial fields, and global initiatives in the provision of care to diverse patients across the lifespan.	I(I)	I(I)	I(I)	I(I)	I(I)																		
	MSN (Advanced Level) Competency: Domain 1 Knowledge of Nursing Practice	Integrate, translate, examine, and apply scientific findings from the arts and sciences, nursing, biopsychosocial fields, and global initiatives in the provision of care to diverse patients across the lifespan.										I(R/M)						I(R/M)	I(R/M)							
	BSN (Entry Level) Competency: Domain 5 Quality and Safety	Examine, integrate, and advocate health care policy, finance, regulatory and quality improvement standards, and technologies to promote a culture of safety.																							V (I)	
	MSN (Advanced Level) Competency: Domain 5 Quality and Safety	Examine, integrate, and advocate health care policy, finance, regulatory and quality improvement standards, and technologies to promote a culture of safety.																							V (R/M)	
CRITICAL THINKING	BSN (Entry level) Competency: Domain 2 Person Centered Care	Promote, incorporate, prioritize, and model evidence-based patient centered care to diverse persons and populations.	I(I)	I(I)				II (I)	II (I)	II (I)	II (I)		II (R)	II (R)	II (I)	II (I)							II (M)	II (M)		
	MSN (Advanced level) Competency: Domain 2 Person Centered Care	Promote, incorporate, prioritize, and model evidence-based patient centered care to diverse persons and populations.																								
	BSN (Entry level) Competency: Domain 3 Population Health	Promote, incorporate, prioritize, and model evidence-based patient centered care to diverse persons and populations.																			III (I)	III (I)				
	MSN (Advanced level) Competency: Domain 3 Population Health	Promote, incorporate, prioritize, and model evidence-based patient centered care to diverse persons and populations.																			III(R/M)	III(R/M)				
	BSN (Entry level) Competency: Domain 4 Scholarship for Nursing Discipline	Integrate, apply, translate, and evaluate the scholarship, educational strategies, and evidence-based practice to promote high quality patient outcomes.																								IV (I)
	MSN (Advanced level) Competency: Domain 4 Scholarship for Nursing Discipline	Integrate, apply, translate, and evaluate the scholarship, educational strategies, and evidence-based practice to promote high quality patient outcomes.																								IV (R/M)
	BSN (Entry level) Competency: Domain 7 Systems Based Practice	Identify, analyze, and evaluate organizational and systems leadership concepts to enhance clinical decisions that promote high quality, safe, effective, timely, efficient, and equitable patient centere care.																								
	MSN (Advanced level) Competency: Domain 7 Systems Based Practice	Identify, analyze, and evaluate organizational and systems leadership concepts to enhance clinical decisions that promote high quality, safe, effective, timely, efficient, and equitable patient centere care.																	VII (R/M)							
COMMUNICATION	BSN (Entry level) Competency: Domain 8 Informatics and Healthcare Technologies	Examine, utilize, and explore healthcare technologies and information management to integrate, deliver, and enhance healthcare across the lifespan.																	VIII (I)							
	MSN (Advanced level) Competency: Domain 8 Informatics and Healthcare Technologies	Examine, utilize, and explore healthcare technologies and information management to integrate, deliver, and enhance healthcare across the lifespan.																	VIII (R/M)							
	BSN (Entry level) Competency: Domain 6 Interprofessional Partnerships	Engage and apply communication strategies to collaborate as a member/leader of interprofessional teams to advocate for healthcare policies and to influence health promotion, education, and high quality patient outcomes.		VI (I)					VI (I)	VI (I)	VI (I)		VI (R)	VII (R)	VI (I)	VI (I)								VI (M)		
	MSN (Advanced level) Competency: Domain 6 Interprofessional Partnerships	Engage and apply communication strategies to collaborate as a member/leader of interprofessional teams to advocate for healthcare policies and to influence health promotion, education, and high quality patient outcomes.																								
INTEGRITY/ VALUES	BSN (Entry Level) Competency: Domain 9 Professionalism	Provide care and mentoring in a compassionate manner that fosters respect, protects and enhances spiritual integrity, and advocates for human dignity of diverse persons and populations.																							IX (I)	
	MSN (Advanced Level) Competency: Domain 9 Professionalism	Provide care and mentoring in a compassionate manner that fosters respect, protects and enhances spiritual integrity, and advocates for human dignity of diverse persons and populations.																							IX (R/M)	
	BSN (Entry Level) Competency: Domain 10 Personal, Professional, and Leadership Development	Provide care and mentoring in a compassionate manner that fosters respect, protects and enhances spiritual integrity, and advocates for human dignity of diverse persons and populations.																		X (I)						

	MSN (Advanced Level) Competency: Domain 10 Personal, Professional, and Leadership Development	Provide care and mentoring in a compassionate manner that fosters respect, protects and enhances spiritual integrity, and advocates for human dignity of diverse persons and populations.
