Post-Tenure Review Update

UWF Faculty,

BOG Regulation 10.003 stipulates that faculty have an evaluation of 5 years of work assigned and how you did. That evaluation must address "*the level of accomplishment and productivity relative to the faculty member's assigned duties in research, teaching, and service, including extension, clinical, and administrative assignments.*"

After consultation with the Faculty Senate leadership and members of the All-Chairs group, the process we are implementing as of today is as follows:

- Those submitting for Post-Tenure Review (PTR) this year should reference current bylaws expectations for accomplishment and productivity relative to the faculty member's assigned duties in research, teaching, and service.
- The Post-Tenure Review Faculty Form is completely optional (and will be changed in the Interfolio to reflect such).
- Faculty who already submitted some or all of their PTR materials will be allowed to update their packet, if they choose to, prior to the October 2 submission deadline. Please contact Brian Whitney (bwhitney@uwf.edu) in the Provost's Office to request your packet be unlocked for editing.
- We will be working together to develop new university-level guidelines and bylaws language for Post-Tenure Review.
