Notes from Beneath the Blue Awning

Greetings, UWF!

Although the calendar tells us that the first day of fall was Sept. 22, this last week has finally delivered the cooler weather of Pensacola's wonderful shoulder season. I hope that each of you is doing well as we prepare for the Thanksgiving holidays and the late-term sprint that follows.

As we all start to turn attentions to end-of-year celebrations, I am pleased to announce the call for nominations for the 2022 Awards for Distinction in Research and Scholarship. Nominations are submitted by academic administrators (chair, associate chair, dean, or assistant/associate dean). These annual awards recognize the impact of research, scholarly, and/or creative achievements at UWF by UWF faculty and instructors/lecturers in all colleges and programs. If you are interested, please review the **Call for Nominations** and consult with an appropriate nominating party.

Best wishes to you all,

Matt Schwartz
Associate VP of Research Administration

New publications

The Office of Research Administration and Engagement congratulates the following
