## Course Description.

This course serves as a basic introduction to autism and related disorders and the assessment and behavior change procedures used for skill acquisition. The content is related to concepts outlined by the Behavior Analyst Certification Board (BACB) 5th edition Task List and covers the Qualified Applied Behavior Analysis Credentialing Board (QABA) Qualified Behavior Analyst (QBA) Competency Standards for Autism Core Knowledge. This course serves as only one in a series of courses that prepares students to apply for the Board Certified Behavior Analyst (BCBA) exam or the Board Certified Associate Behavior Analyst (BCaBA) exam or the Qualified Behavior Analyst (QBA).

## Course Format/Type

This course is 100% Online. Students will be required to participate in weekly online videoconference style classes. In addition, students are required to access supporting documents from the Internet including the syllabus, assignments, and assessments. Weekly attendance in either live or recorded sessions is mandatory and proctored using the online educational platform provided by the University of West Florida.

## Course Learning Outcomes

1. Define common characteristics and terminology associated with ASD as evidenced by discussion posts and assignments.
2. Compare and contrast (when appropriate) assessment and intervention techniques used to address common skill deficits in ASD as evidenced by at least 82% score on discussion post rubrics.
3. Describe the epidemiology behind and the variables affecting individuals with ASD by completing assignments and discussion poses by scoring at least 82% on rubrics.
4. Synthesize required readings with independently located literature to evaluate concepts related to autism, assessment, behavior change procedures, intervention concepts, and domains specified under Topics Covered, relating to real-life scenarios and examples as evidenced by at least 82% score on discussion post rubrics.

## Grading System

Points will be allocated using the following weighted system

1. Participation in weekly assignments (30% of final grade)
2. Exam #1 (35% of final grade)
3. Exam #2 (35% of final grade)

## Exams

All exams are cumulative and are available on the UWF eLearning system. Computers must be able to take the exam using a lock-down browser.

## Assignments

Content hours earned towards BACB requirements and QABA requirements have been carefully calculated. If a student neither attends the live virtual class nor views the recorded lectures for each week, a 10% response cost to the final grade will be administered for each missed session or recording. If 3 or more class sessions are missed, this will result in an automatic (F) failing grade assigned for the course. Students must also complete weekly assignments to receive a passing grade in the course. Assignments submitted beyond one week from the due date will not receive points, but assignments still must be placed in eLearning by the end of the course in order to earn a passing grade. If any assignments are not submitted to eLearning by the end of course, a 10% response cost to the final grade per missing assignment will be administered. If 3 or more assignments are missed, this will result in an automatic (F) failing grade assigned for the course.

## Virtual Class

Our students have choices in attendance and participation: Students are encouraged to attend all live, real-time, class sessions. If students cannot attend live, they must watch the recording each week, in addition to any other pre-recorded lectures.

## Grading scale

A	92-100
A-	90-91
B+	88-89
B	82-87
B-	80-81 An 82% or higher is required for courses with prerequisites in the program
C+	78-79
C	72-77
C-	70-71
D	60-69
F	59 or below

Incomplete grades (I) will not be given except under very extreme circumstances. Please see the UWF catalog for rules about Incomplete grades
