Improve lives with Applied Behavior Analysis

YOUR CAREER STARTS HERE

Real-Time Education. Online Convenience.

Science-Based, People-Centered: Make a Difference with ABA.

Applied Behavior Analysis (ABA) affords diverse opportunities for students interested in pursuing a rewarding career.

Behavior analysts understand behavior and why it occurs. They assess needs, identify goals and formulate interventions to help people overcome barriers, acquire skills and enhance their lives.

Behavior analysis is widely known as an effective evidence-based treatment for Autism Spectrum Disorder (ASD), though this highly adaptable and individualized approach to behavior provides opportunities to work with any population.

Behavior analysis is effective in education, clinical rehabilitation, substance abuse treatment, corrections, dementia management, brain injury rehabilitation, among other disciplines. In workplace settings, behavior analysis improves safety procedures and creates cultures of happy, motivated employees.

UWF provides the complete pathway to develop your career in this growing field. Learn how you can become a behavior analyst and have a positive impact on the world.

For more information, contact the UWF Center for Behavior Analysis at **850.474.2704** or aba@uwf.edu.

**BOARD CERTIFIED
BEHAVIOR ANALYSTS
ARE INCREASINGLY IN
HIGH DEMAND.**

With many applications in clinical, educational and occupational settings, behavior analysts improve the lives of individuals across a variety of interests, including:

- Applied Animal Behavior
- Autism Treatment
- Behavior Gerontology
- Behavioral Medicine
- Educational Programming
- Environment/Sustainability
- Forensic Behavior Analysis
- Health, Sport, and Fitness
- Human Development
- Neuroscience
- Organizational Behavior
- Positive Behavior Support
- Rehabilitation and Independent Living
- Social Work
- Speech Pathology
- Verbal Behavior

The Center for Behavior Analysis at the University of West Florida provides a collaborative space where higher education, socially valued service, and applied research synthesize into meaningful applications to improve lives through an understanding of behavior.

UWF students develop a comprehensive understanding of the ethical application of behavior analysis from faculty who actively work in the field.

The Center for Behavior Analysis at the University of West Florida is a leading resource for individuals interested in ABA – featuring online undergraduate and graduate level degree offerings and continuing education courses.

Our online curriculum provides the complete path towards a successful career in ABA. Gain experience after Behavior Technician training, advance your career as an Assistant Behavior Analyst and become an independent practitioner as a Behavior Analyst by pursuing a graduate course sequence, with an optional Master of Arts degree in Exceptional Student Education.

Behavior Technician Training

Our introductory Health Sciences Essentials of Behavior Analysis course meets the curriculum requirements for both the RBT and ABAT exams. Students passing either exam are qualified to work in the field of behavioral health. This

course also serves as the first of the undergraduate ABA sequence for those working towards BCaBA or QASP-S certification.

Undergraduate ABA Course Sequence

Add our ABA course sequence to your undergraduate degree. This elective sequence may also be incorporated into the online UWF Bachelor of Science in Health Sciences and meets curriculum requirements for both BCaBA and QASP-S.

Graduate ABA Course Sequence

Students who possess a master's degree or are enrolled in a graduate program at a different institution may register for our course sequence to

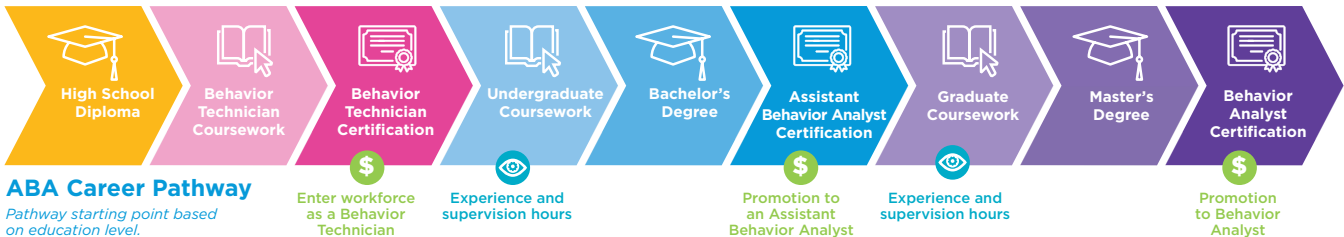

meet the requirements for BCBA, IBA, or QBA certification.

Optional Master of Arts in Exceptional Student Education

Students may apply for the M.A. in Exceptional Student Education with a Specialization in ABA which includes all courses required to take the BCBA certification exam. An extra 3 credit course is required to meet IBA exam requirements and QBA exam requirements can be met by choosing the appropriate electives.

Professional Development

We offer online CEUs in partnership with the Cambridge Center for Behavioral Studies™ at behavior.uwf.edu and other ABA continuing education courses.

Our streamlined curriculum enables you to reach exam eligibility efficiently.

Undergraduate ABA Course Sequence (15 credit hours)

| Course # | Description | Hours | BCaBA | QASP-S |
|----------|--|-------|-------|--------|
| HSC 3102 | Health Science Essentials of Behavior Analysis | 3 | ● | ● |
| HSC 3114 | Problem Identification and Functional Assessment in Health Science | 3 | ● | ● |
| HSC 4720 | Methodology in Behavior Analysis in Health Science | 3 | ● | ● |
| HSC 4580 | Functional Applications of Behavior Analysis in Health Science | 3 | ● | ● |
| HSC 4936 | Accelerated Topics Behavior Analysis in Health Science | 2 | ● | ● |
| HSC 4654 | Ethical Considerations in Analysis of Behavior in Health Science | 1 | ● | ● |

● HSC 3102 meets the curriculum requirements for both the RBT and ABAT Behavior Technician certification exams.

●● ABA verified (BCaBA) and QABA approved (QASP-S) courses are available to non-degree seeking students or can be added to a UWF undergraduate degree as a minor.

Graduate ABA Course Sequence (21 credit hours)

| Course # | Description | Hours | BCBA | QBA | IBA |
|---|--|-------|------|-----|-----|
| EDF 6225 | Foundations of Applied Behavior Analysis | 3 | ● | ● | ● |
| EDF 6226 | Behavioral Assessments | 3 | ● | ● | ● |
| EDF 6223 | Applied Behavior Analysis Systems and Support | 3 | ● | ● | ● |
| EDF 6222 | Concepts of Applied Behavior Analysis | 3 | ● | ● | ● |
| EDF 6224 | Supervision and Management Fluency | 3 | ● | ● | ● |
| EDF 6437 | Measurement and Single Case Design | 3 | ● | ● | ● |
| EDF 6557 | Ethics in Applied Behavior Analysis | 3 | ● | ● | ● |
| EEX 6051 | Exceptionalities (course only required for optional master's degree) | 3 | | | |
| Choose six credits below for the M.A. In Exceptional Student Education with ABA Specialization | | | | | |
| EDF 6325 | Autism and the Law | 2 | | ● | |
| EDF 6221 | Intensive Intervention in Autism and Related Disabilities | 2 | | ● | |
| EDF 6229 | Curriculum Design for Behavior Analysis | 2 | | | |
| EDF 6227 | Experimental Analysis of Behavior | 3 | | | ● |
| EDF 6944 | Advanced Single Case Design | 2 | | | |
| EDF 6943 | Applied Single Case Design | 2 | | | |
| EDF 6647 | Behavior Systems Analysis ★ | 2 | | | |
| EDF 6939 | Behavior Analysis in Organizations ★ | 2 | | | |
| EDF 6220 | Behavior Analysis of Performance ★ | 2 | | | |

●●● ABA verified (BCBA), QABA approved (QBA) and IBAO (IBA) approved courses are available to non-degree seeking students and are also included in UWF's Master of Arts in Exceptional Student Education. Available courses listed cover certification exam requirements.

● The optional M.A. in Exceptional Student Education with a Specialization in ABA degree varies between 30 -33 credit hours.

★ Organizational Behavior Management (OBM) elective sequence.
