Major _____

The Forensic Accounting Minor is an interdisciplinary program that exposes the student to:

- the core concepts of accounting,
- the pervasiveness of and causes of financial fraud and white collar crime in our society,
- the methods in which financial fraud is perpetrated, and
- the approaches to fraud detection, investigation and prevention, and rules of evidence.

The Forensic Accounting Minor requires a minimum of 15 semester hours of upper division coursework. Nine semester hours must be completed at The University of West Florida. The Forensic Accounting Minor is available to both accounting and non-accounting majors.
