RULES OF PRACTICE AND PROCEDURE

ARTICLE XIII

DISCLOSURE AND CONFIDENTIALITY

Section 1. NASM provides numerous services that include the publication of policy statements, reports, and surveys. These are available to the public for a fee. Upon request, NASM will provide the academic and professional qualifications of the members of its policy and decision-making bodies and its administrative personnel.

Section 2. Upon request, NASM will make publicly available all information about an institution that is published in the NASM Directory (see Article X, Section 3.). NASM will also indicate whether or not an institution holds or has held accredited Membership.

Section 3. NASM will not make publicly available any information supplied by the institution or by representatives of NASM in the course of the accreditation process. This includes Self-Studies, Visitors' Reports, and correspondence. While NASM encourages institutions to make publicly available information about their accredited status and to share accreditation materials with individuals and agencies having legitimate claim to information beyond that available to the general public, the Association regards all accreditation materials as the property of the institution. Therefore, release of these materials is either through the institution or by its permission.

Section 4. If an institution releases information that misrepresents or distorts any action by NASM with respect to any aspect of the accreditation process, or the status of affiliation with NASM, the chief executive officer of the institution and the program director, where applicable, will be notified by the NASM Executive Director and informed that corrective action must be taken. If the misrepresentation or distortion is not promptly corrected, NASM, at its discretion, may release a public statement in such a form and content as it deems necessary to provide the correct information.

Section 5. Certain relationships yield information which legally cannot be disclosed without the consent of the person who provides it—for example, the relationship between physician and patient, between attorney and client, between clergy and penitent, etc. Should such information, or other information that is protected under law by a comparable privilege or safeguard, come into the hands of NASM or an NASM evaluation team, its disclosure to persons other than the immediate recipients is forbidden.
