UNIVERSITY OF WEST FLORIDA

RECOMMENDATION WAIVER

Should you request letters of recommendation collected and/or written by the University of West Florida – Health Science Advisory Programs Committee (HSAPC), you would have the right as a student to review your permanent record, including these letters. Some persons prefer not to complete recommendation forms or letters, however, unless they can be assured of the confidentiality of their comments. It is our opinion that comments provided on a confidential basis are likely to appear to be more meaningful to professional school admissions committees. Therefore, the HSAPC is affording you the opportunity to waive your right of subsequent access to these reference statements.

The professional schools assure us that your application for admission and/or financial support will be given full consideration based on all the information accumulated in your application file, including these recommendations, regardless of your decision on waiving your right of future review.

I DO WAIVE MY RIGHT OF SUBSEQUENT ACCESS TO THE **HSPAC** LETTER AND ALL ATTACHED RECOMMENDATIONS, UNLESS CHECKED BELOW.

I DO NOT WAIVE MY RIGHT FOR SUBSEQUENT ACCESS.
