Watercooler Joke of the Week

A young executive was leaving the office late one evening when he found the CEO standing in front of a shredder with a piece of paper in his hand.

"Listen," said the CEO, "this is a very sensitive and important document here, and my secretary has gone for the night. Can you make this thing work?"

"Certainly," said the young executive. He turned the machine on, inserted the paper,

and pressed the start button.

"Excellent!" said the CEO as the paper disappeared into the machine. "I just need one copy."
