 College: Professional Studies

The Master of Social Work program is designed to prepare students for ethical, competent, independent social work practice. The program focus is Clinical/Community Practice with individuals, families, groups and communities. The MSW program of study is designed to meet the course requirements of those students who wish to pursue a clinical social work license in Florida and to meet the diverse needs of the local community (.e.g., rural, small town, metropolitan, and economically disadvantaged service areas).

The Master of Social Work program is a 60 semester hour graduate level course of study to be completed within two years. The program will have a one year advanced standing option available for those students who enter the program with a BSW from a CSWE accredited program within 5 years of graduation.

PROGRAM REQUIREMENTS

The foundation year is 30 semester hours. The foundation year of program includes a professional core of 24 hours, one elective (3 hours) and a field placement (3 hours). The field placement is 450 hours of agency based field work that complements the foundation year of study.

The concentration year is 30 semester hours. The concentration year of the program includes a professional core of 15 hours, three electives (9 hours) and two field placements (6 hours). The field placements are each 300 hours of agency field work that run consecutively beginning in fall through the end of spring semester. Students who are admitted with the advanced standing option complete this year of study.

Students must maintain a 3.00 average in their graduate coursework. They must receive at least a "B-" in each graduate course taken at UWF to receive credit for that course. Students must satisfactorily complete field placement work to receive the MSW degree.

Students must complete their MSW program course work within five years of admission to the program.
