

General Studies / Academic Foundations
Assessment Group

Agenda

September 6, 2006

1. Update on where we are now
2. Review the matrix of domains and outcomes
 - Clarify the intent to collect assessment data on two cells in the matrix
 - Get a commitment from departments on which two cells they will target for their general studies course(s) in fall 2006
 - Negotiate the number of courses assessed and the number of sections for a given course that should be assessed
3. Establish an agreed-upon timeline for collection and report of assessment data
 - Are the dates established in the action plan handout workable?
4. Determine what departmental needs are to make this work during the fall term
