

# Outcomes Assessment at PJC

An Overview

# PJC Global Learning Outcomes

- I. **Critical Thinking:** Students will evaluate the validity of their own and others' ideas through questioning, analyzing, and synthesizing results into the creative process.
- II. **Communication:** Students will develop effective reading, writing, speaking, and listening skills to communicate verbally and nonverbally on literal and figurative levels.
- III. **Scientific and Mathematical Literacy:** Students will apply an understanding of mathematical, natural, and behavioral scientific principles and methods to solve abstract and practical problems.

# PJC Global Learning Outcomes

- iv. **Information Management:** Students will use effective strategies to collect, verify, document, and manage information from a variety of sources.
- v. **Cultural Literacy:** Students will develop an appreciation of human culture and its diversity and the role of the creative arts in society.
- vi. **Social Skills:** Students will develop and use skills and attitudes that integrate individuals into society.
- VII. **Personal Management:** Students will develop habits of conduct that result in fulfilling personal and occupational accomplishments.
