

Masters Theses

Date	Author	Title
2007	Baldwin, Amy J.	Marine Microbial Biogeography: A Survey of Bacterioplankton Diversity Through the Pacific Ocean, The Gulf of Mexico, and The Ross Sea, Antarctica
2007	Doyle, Margery J.	Psychophysical Correlates of Cognitive Workload During a Satellite Management Decision-Training Task
2007	Glass, Nancy H.	Calcium and pH Effects on the Growth and Shell Integrity of Florida Apple Snails
2007	Hamann, Nicole L.	Forging an Atlantic World: A Historical Archaeological Investigation of African European Trade in Metalwares
2007	Hobbs, Chassidy	Morphodynamics of a Constructed Marsh: Project Greenshores, Pensacola, Florida
2007	Jeffers, Sarah A.	Ecology of Inshore Lizardfish, <i>Synodus foetens</i> , In the Northern Gulf of Mexico
2007	Krawietz, Sabine A.	Concentration: Construct Refinement and Scale Development
2007	Lambert, Claire H.	An Examination of Work-Family Conflict in Terms of the Work-Family Border Theory
2007	Montgomery, Marilyn C.	Beach Nourishment at Pensacola Beach, Florida: Assessment of Public Perception
2007	Morris, Nicole M. B.	The Artificial Reef Effect of World War II Era Shipwrecks in the Northern Gulf of Mexico
2007	Orlosky, Paula M.	Measuring Reliability and Validity: Stage of Change for Reducing a Woman's Vulnerability to Sexual Assault
2007	Sjordal, Paul G.	The History and Archaeology of Ship Abandonment at Shields Point
2007	Smith, Benjamin A.	Postmodernism and the Theory of Significance
2007	Steelman, Andrea E.	Degree Sum Ensuring Hamiltonicity
2007	Willhoit, Kristin F.	Effect of Ankle Position on Hamstring Strength During Maximum and Submaximum Leg Curls
2006	Mork, Kerstan S.	Effects of Experience Level and Cellular Phone Distractions on Situation Awareness While Driving
2006	Reber, Cheyenna M.	Acute and Chronic Responses of Pinfish, <i>Lagodon rhomboides</i> , to Low Temperatures
2006	Riggs, Bridget M.	Phosphatidylinositol Synthase in Tetrahymena: Utilization of Inositol Isomer in the Headgroup Exchange Reaction
2006	Sakurai, Kenji	A Customer Service Model of Perceived Justice and Satisfaction
2006	Sandberg, Jennie S.	Role of Aerial and Aquatic Metabolic Rates on Distribution of Two Mudskipper Fishes
2006	Scott, Cynthia A.	Dementia Caregiving, Life Satisfaction, and Religious Coping: A Comparison of Spouse and Adult Child Caregivers
2006	Smith, Kristin A.	The Effects of Human and Climatic Impacts on Sediment Nitrogen Dynamics in Escambia Bay, Florida
2006	Tiffany, Bridget N.	Responses to Skittlefish, <i>Gobiesox strumosus</i> , to High Temperature and Low Oxygen Stress
2006	Townsend, Karen K.H.	John Gower's <i>Confessio Amantis</i> New College MS 266: Illuminations as Aides to Reading and Remembering

2006	Vincent, Wilson	Participation in HIV/AIDS Support Groups: Psychosocial Factors, Demographic Characteristics, and Perceived Barriers
2006	Wagner, Matthew E.	Spatial Patterns of Phytoplankton and Periphyton Growth as Indicators of Estuarine Condition in Escambia Bay, Florida
2006	Watkins, Deal P., III	My Name is Legion: Obsessive Explorations into the Night
2006	White, Sarah E.	Lithic Production Trajectories and Pre-Columbian Settlement Patterns in the Northwest Florida Interior
2006	Wolowiec, Laura M.	Family Functioning, Time Since Diagnosis, and Quality of Life Among Cancer Survivors
2005	Barry, Rachel A.	Leaf-Epiphytic Communities of Domain <i>Bacteria</i> Elucidated by Quantitative PCR and Terminal Restriction Fragment Length Polymorphism Analysis: Sentinel Diagnostics for Plant Stress, Disease, and Crop Agroterrorism
2005	Bresnan, Kristen E.	Personality and Cognitive Predictors of Dual-Task Performance While Driving
2005	Calero, Patricia	Cancer Screening Practices of Latinas in Northwest Florida
2005	Cowin, Thomas B.	The Grid Mobile Agent System: Providing Dynamic Interoperability to Mobile Agents
2005	Cox, Matthew S.	Ecotourism in Walton County, Florida
2005	Dyer, Tina, M.	169 Bond Street
2005	Eme, John M.	Metabolic Responses and Dynamic Temperature Tolerance of Selected Fishes from the Waktobi Marine National Park, Indonesia
2005	Faubel, Janet R.	Unveiling El Greco's <i>Saint Francis in Meditation</i> : Ekphasis and Catholic Colonialism in Willa Cather's <i>Death Comes for the Archbishop</i>
2005	Giddie, Lord	Disability and Employment: HIV and AIDS and Access Discrimination
2005	Grim, Jeffrey M.	A Comparative Analysis of Oxygen Delivery Systems in Two Batoid Elasmobranch Fishes
2005	Handley, Wilma L.	<i>The Labourer Are All Slaves</i> : Slavery and Hiring-Out in an Antebellum Gulf Coast Community
2005	Hane, Tasia	Footnotes to an Obsession
2005	Hughes, Joan M.	Seeking the Divine Spark: A Journey Through Ethnography
2005	Jernigan, Olivia M.	Bugging the System: Arundhati Roy's Argument for Interdependence in <i>The God of Small Things</i>
2005	Mayo, Inna O.	Russian Liberals in the Early 1990's: Grigory Yavlinsky and the Yabloko Party
2005	Meyers, Pamela	Remembering the Political in the Feminist Composition Classroom
2005	Moates, Jeffrey T.	East Bound and Down: History and Archaeology of the S.S. <i>Florida</i> , a Mid-Nineteenth-Century Sidewheel Steamboat
2005	Moss, Joseph A.	Stability and Change in Estuarine Biofilm Bacterial Community Diversity
2005	Pastorello, Linda E.	Resampling Methods and Their Use in Animal Behaviors
2005	Pate, Sarah M.	Testing Theories of Social Dominance in Relationships: Effects of Stereotypical Gender Beliefs on Income Preferences in Long-Term Mate Selection
2005	Provenzali, Jorge A.	Señas: New Spain's Mayólica Maker's Marks

1991	McLeod, Carol Rae Richbourg	The relationship between self-actualization and boredom proneness
1991	Perez-Milian, Rolando	Males' sexual and life transitions, awareness, and climacteric
1991	Seaton, Carolle Carter	The effect of home intervention on parental attitudes toward lifetime learning and school success in Santa Rosa County, Florida
1991	Smith, Gloria Bonnie	Students at-risk: focus on an alternative education program at Lewis Middle School
1991	Thibodeaux, Henry Francis	Convergence of leader-member exchange and mentoring: an investigation of social influence patterns
1991	Watt, John David	The effects of boredom proneness and impulsivity on self-reported drug use
1991	Whitney, Mark Daniel	An empirical analysis of the synchronization of international equity market indices
1990	Davison, Debra Ann	Feeding preferences, growth responses, and food-conversion ratios of juvenile conchs (<i>Strombus gigas</i> Linne) reared under experimental conditions
1990	Dix, Thomas Linn	Escape behavior and the ecology of contact chemoreception in the marsh periwinkle: <i>Littorina irrorata</i> (Littorinidae: Gastropoda)
1990	Harwick, Caroldeen Lee	Relationship of early childhood sexual abuse and the development of psychopathology
1990	Holler, Joseph Carl	Organizational "readiness": definition, conceptualization, and application: a Scott Paper Company case study of a transformation to an all-salaried workforce
1990	Huang, Rey-Ju	A play-oriented writing program in kindergarten
1990	Jesalva, Orlando S	Acculturation, role dynamics, and psychopathology in a group of Taiwanese foreign students
1990	Littlefield, Mark Laurence	Optimization of contrasting operators for moving images
1990	McLeod, Alexander Meier	Mentoring potential dropouts: a developmental intervention
1990	Phillips, Jessica Marie	Isolation and characterization of a pigment dispersing hormone from the brown shrimp, <i>Penaeus Aztecus</i>
1990	Pitale, Kimberly Rae	The effect of fitness programming on the self-esteem of severe and profound mentally retarded adults
1990	Searcy, Alice Johnson	A nonparametric exponentially weighted moving average process control procedure based on ranks
1990	Silliman, Adele Aya	A marketing communication approach to the recruitment of Master's students: research on the environment and a profile of current students at the University of West Florida and the Florida State University
1990	Tabler, Robert Ellsworth	Selection of performance tests for use in the evaluation of human performance in environmental research
1990	University of West Florida	The University of West Florida thesis guide
1989	Adams, Lori Frances Bell	Forensics pedagogy: the organization and management of intercollegiate tournaments
1989	Baxley, Robert Van Namee	A simulation study of statistical control algorithms for drifting processes
1989	Clark, Mark David	Pat Dodson: promoter of Pensacola, 1929-1975
1989	Cody, Richard Patrick	An evaluation of the reproductive mode of the pinfish: <i>Lagodon rhomboides</i> Linnaeus (Pisces: Sparidae)
1989	Cowden, Craig Allen	A parallel Prolog interpreter in Ada
1989	DeMaria, Elizabeth Preston	An assessment of women's awareness of their menstrual cycles
1989	Evans, Michael Alan	Memory tasks as measures of inferred text information
1989	Hansknecht, Thomas Joseph	Monogenetic trematode parasites of sharks and skates: with an account of calicotyle sp A and calicotylides sp A: two undescribed calicotylids from the Gulf of Mexico
1989	Infield, Susan Ellen	An investigation of the processes underlying metaphor and concept acquisition

1989	Kass, Steven Jay	The relationship between Type A behavior pattern, boredom proneness, and sensation seeking
1989	Langston, Michael Griffith	The effects of counseling education, religious affiliation, and open-mindedness on mental health values of ministers
1989	Lueken, Linda Powell	Cognitive restructuring with bulimics in a group therapy setting
1989	Macauley, John Michael	Seasonal variation and the effects of light intensity and quality of <i>Thalassia testudinum</i>
1989	Mader, Sandra Eileen Lance	Stress reduction for caregivers of Alzheimer's disease patients: typical support group compared with modeling techniques
1989	Marshall, Philomena Katharina	Autonomy deficits in college women with eating disorders
1989	Riebman, Tara Lynn	Geriatric headaches: a retrospective review of clinic files
1989	Ronan, Michael Peter	A review of opisthobranch rhinophores with a study of aplysia rhinophore structure
1989	Rowlands, Alice Jane	On-the-job training of reporters: a case study of two Gulf Coast newspapers
1989	Smith, Roger Lee	An autopilot design methodology for bank-to-turn missiles
1989	Wagoner, Lori Curry	Controlling competitive stress by using electromyographic biofeedback: a pilot investigation
1989	Williams, Darlene	Effects of familiarity and communication mode on the detection of deception
1989	Williams, Renee Elizabeth	The effects of information on cancer pain
1989	Wooters, Jeffery Scott	The ecology of vision in the bay scallop: <i>Argopecten irradians</i> (Pectinidae: Bivalvia)
1988	Alvarez, Patricia Elizabeth	Single case experimentation: a reversal design to test a consumer list for catalog sales potential
1988	Baker, Chris Chandler	Attitudes of children and adults towards play
1988	Barbo, Anita Gail	Development of PSI films as a sub-genre in selected American films
1988	Bruflat, Cindy Lou	Motivational factors of volunteerism in relationship to Maslow's hierarchy of needs
1988	Cruikshank, Craig Lord	Text summarization recognition and recall performance of poor readers
1988	Cunniff, Cynthia Lee	Eigenvalues and eigenvectors of tridiagonal Toeplitz matrices
1988	Griffith, Wendell Lamar	The Royal Spanish Presidio of San Miguel de Panzacola, 1753-1763
1988	Liedle, James Michael	An analysis of the 1986 race for the 5th district seat of the Florida House of Representatives
1988	Massey, Brian Lance	How American news magazines have used "cold war" labels to describe Sandinista Nicaragua, 1979-1987
1988	Massey, Joann Amitrano	A correlational analysis of the WISC-R and PIAT on an in-patient population
1988	Moore, Lynne Claire	An application of modern composite design techniques to the development of real-time data monitoring software
1988	Moore, Martin Jeffrey	Design and implementation of a mix environment for VAX VMS computer systems
1988	Morrisette, James W	Behavioral aftereffects of aircraft noise exposure as a function of rise time, peak duration, and decibel level
1988	Muir, Thomas	William Alexander Blount: defender of the Old South and advocate of a New South
1988	O'Brien, Laura Morris	Children's television choices: determining prosocial preference
1988	Price, William Allen	A comparison of nitrogen fixation (acetylene reduction) rates in seagrass communities dominated by <i>Thalassia Testudinum</i> and <i>Halodule Wrightii</i>
1988	Raley, Ruby Sistrunk	A practical approach to software engineering education
1988	Walthall, David Edwin	Datalink subsystem firmware for the MQM107 subscale drone
1988	Williams, Jeffery L	A mathematical framework for evaluating models of warfare
1987	Boldyreff, Roman Ephraim	The influence of stocking density and diet on growth, production, and survival of <i>Procambarus Bivittatus</i> (Hobbs) in the laboratory
1987	Burkett, Samuel B	Estimating real-time software timing and sizing for comparison against candidate embedded computers

1987	Burkhalter, James Russel	An ecological study of coastal strand vegetation on the western end of Santa Rosa Island near Pensacola, Florida
1987	Curran, Philip Joseph	Pulse width modulation controller for velocity and position control of the Rhino XR-series experimental robotic arm
1987	Dye, Linda Carol	Surface and near surface zooplankton collected during 1973 in Escambia and East Bays, Northwest Florida
1987	Goins, Stephanie Lee	The concept of forgiveness as reflected in the writings of Albert Ellis and Jay Adams
1987	Goldstein, Abraham Jeffrey	An algorithmic approach to stability for a class of linear systems using the second method of Liapunov
1987	Habler, Betty Louise	The prediction of graduate school success in an industrial organizational psychology Master's degree program
1987	Heath, Bradley James	Cognitive and somatic concomitants of two contrasting muscle relaxation procedures
1987	Hoffmann, Maria-Elena	Ideal profile for persons working in foreign countries or interacting with foreign organizations
1987	Johnson, Isabel Cristina Levy	Development of the valviferan isopod <i>Erichsonella Attenuata</i>
1987	Kelly, Eugene Michael	A demographic study of the fern <i>Dryopteris ludoviciana</i> (Kunze) small
1987	Kime, Sheri Ulrich	A microscopical study of the hemocyte types of <i>Mercenaria campechiensis</i> and their phagocytic interaction with <i>Vibrio vulnificus</i>
1987	Liebert, Cynthia Ann	Characterization of bacterial populations in an industrial air washing system implicated in a work-related lung disease
1987	Masterman, Everett Lane	Effects of retaining vestiges of military affiliation and recent information on the retirement adjustment of military personnel
1987	Morton, Robert Dana	Effects of drilling fluids on an experimental seagrass (<i>Thalassia Testudinum</i>) community and potential for bioaccumulation of barium and chromium
1987	Painter, David L	Normative discourse: the development and application of evaluative paradigms for intercollegiate value debate
1987	Porter, Donna Rigby	Effect of Myers-Briggs interpretation on self-knowledge and self-perception of undergraduate students
1987	Raney, Gary Ernest	EEG correlates of cognitive style and recall of text in middle school age children
1987	Raney, Jill Johnson	Human-computer interaction: an investigation of attributions made toward computers
1987	Reeder, Laurie Davis	The relationship between goal setting and intrapersonal communication: an educational perspective
1987	Rodriguez, Jose Rafael	Assessment of aircraft stability and control: an augmented approach using flight test data
1987	Roggero, Vincent Michael	Providing concurrent access to data files on a microcomputer local area network
1987	Sattelberg, Russell Mark	Standardization of in vivo and vitro assays for a pigment-dispersing hormone on chromatophores of the fiddler crab, <i>UCA Pugilator</i> (Bosc)
1987	Snyder, Beth Ann	Self-control: the relationship between awareness of cues and knowledge of strategies in middle school children
1987	Zahnow, Cynthia Ann	Synthesis and bioassays of N-terminal deletion peptides and certain "core" analogues of a crustacean pigment-dispersing hormone
1986	Barry, Linda Anne,	Old Southwestern humor as a genre and five of its writers
1986	Brinkman, George H	Performance of internal sort algorithms on a personal computer
1986	Butowski, Nancy Helen	The effects of food ration on reproduction in the cyprinodontid fish, <i>Rivulus marmoratus</i>
1986	Cannon, Denise Shumock	The power of televised political advertising: implications for its role in a non-presidential race
1986	Hintz, Mary Frances	Evaluation of the difference in the biological activities of two crustacean pigment-dispersing hormones
1986	Kurtz, Robin Sue	Subliminal messages for weight loss: effectiveness and satisfaction

1986	Oesch, Gary Robert	Amnesia: defective cognitive processing in relation to vertical associative learning
1986	Price, Ann Webb	The relationship of juvenile status to knowledge of personal characteristics and antecedent and consequent events
1986	Reed, Angela Ellen	Alternative education: a systematic approach to delinquency prevention
1986	Robbins, Robert George	The cephalic tentacles of <i>Littorina irrorata</i> : structure and role in trail following
1986	Rowland, Blair Evan	Psychological sophistication and variability of scores on the California Psychological Inventory
1986	Rushing, Stephen Henry	Deep focus: a screenplay
1986	Semmes, Oliver John	Synthesis and characterization of norleucine-containing analogs of a pigment-dispersing crustacean neurohormone
1986	Shewmake, Thomas Michael	Logic disruption in text and the effect on comprehension and memory measures
1986	Tuamokumo, Francois Olayo	Combined Shewhart-cumulative score quality control procedures for scale parameter
1986	University of West Florida	The University of West Florida thesis guide
1986	White, Leon Lamar,	A descriptive analysis of student attrition in the Florida State University and the University of West Florida cooperative doctoral external degree program
1986	Yeagle, Ellen Harriet	Highest happiness: an analysis of artists' peak experiences
1985	Doughtie, Daniel Grattan	Ultrastructure of an exocrine dermal gland in the gills of the grass shrimp <i>Palaemonetes Pugio</i> : cyclical activity, secretory granule formation and function
1985	Evers, Johnny Harold	A top-down software documentation procedure using ADA
1985	Jorenby, William Howard	Synthesis and characterization of analogues of <i>Pandalus</i> pigment-dispersing hormone substituted at the third position
1985	Pedroni, Gena Maria	Transfer of procedural information to a descriptive context in prose
1985	Shirley, Michael Anthony	Influence of lindane on survival and osmoregulatory metabolic responses of the larvae and adults of the xanthid crab <i>Eurypanopeus depressus</i> (Smith)
1985	Smith, Thomas Edward	A career counseling expert system using the Myers-Briggs Type Indicator: a functional model
1984	Bagwell, Diane Phyllis	Maternal discipline and performance of fourth grade boys in a group or an individual setting
1984	Bartscher, Jo Allan	The effect of salience on the attribution of sex role
1984	Curry, Kathy Jo Welborn	A study of the value of concept mapping for third-grade students
1984	Diedrick, Patricia Ann	Male and female differences in the determination of global self-esteem
1984	Drysdale, Dale Thomas	Intersexuality in the mosquitofish: <i>Gambusia affinis</i>
1984	Ford, Kenneth Michael	An integrated approach to the specification, implementation, and testing of abstract data types
1984	Hayes, Howard John	Biology of <i>Clausidium dissimile</i> : an epizoic copepod
1984	Koblinsky, Chester John	Tides on the West Florida shelf
1984	Lamb, Thomas G	Microcosms: a technique for studying the acidification of aquatic systems
1984	Logue, Charles L	Effects of temperature and diet on growth, longevity, and egg production of <i>Streptocephalus Seali</i> Ryder (Crustacea: Anostraca)
1984	McMullen, Dennis Michael	Studies on the effect of temperature and food density on growth and survival of larval <i>Menidia peninsulæ</i> (Pisces: Atherinidae)
1984	Michael, Kathleen	Formulation of an integration theory: a hypothesis which is empirically verifiable
1984	Owens, Rita Reeser	The effects of comparable worth information on wage fixing
1984	Parker, George Raymond	Purification and partial characterization of several activators of porcine brain 3',5'-cyclic adenosine phosphodiesterase from lugworm, <i>Arenicola Cristata</i>
1984	Rogers, Patricia Carol	Values as predictors of motivation for parenting

1984	SaTsu, Keisuke	Cultivating self-efficacy in algebra and its effects on related test anxiety
1984	Sheppard, Harlo John	Basic electronics and programming instrumentation: development and validation of a programmed-instruction text
1984	Stone, Gregory William	Mathematical modeling of the near-shore and implications for coastal management, Northwest Florida
1984	VanCleave, Rebecca Lynne	The effects of thiamine deficiency on normal EEG development in the rat
1983	Bailey, Gerry E	Maternal discipline and adult performance
1983	Cleveland, Mary Elizabeth	Biotic and abiotic factors affecting the sorption of toxic compounds to natural sediments
1983	Clipper, Robert Warren	Psychomotor performance variance as a correlate of need for achievement in male air officer candidates
1983	Craighead, Donna Jaber	Personality characteristics of basketball players: starters and non-starters
1983	Dozier, Richard Moore	Meditation to reduce pain during running
1983	Dyke, David Wayne	The impact of the Clean Air Act's non-attainment provisions and the EPA'S bubble policy on industrial development
1983	Fischer, Valerie Kovach	Status of microcomputer utilization in Escambia County schools: a descriptive study
1983	Groves, Peggy Ann Lamon	An examination of the composing behaviors and written products of ninth grade students writing in English as a second language
1983	Hatcher, Marian E	A cognitive approach to the interpretation of assertiveness and sexual stereotyping research
1983	Hyder, Debra Anne	Comparative effects of phenylpropanolamine and caffeine on activity level and general components of behavior in the rat
1983	Lacey, Deborah Grimm	Comparative life history of two sympatric fern species: Onoclea Sensibilis and Lorinseria Areolata
1983	Landua, M Kathryn	A PASCAL package for computational assistance in the study of linear control systems
1983	Lewis, Tanya Katrina	Effective components of vicarious desensitization for test anxiety
1983	Linnville, Steven Emory	The use of electrode placements for determining cognitive processing differences
1983	Nazaruk, Denise	The moon and mental illness: an investigation of the relationship between lunar cycles and emergency room psychiatric contacts
1983	Quackenbos, Stephen B	Psychotherapy: secular or sacred?
1983	Reddix, Michael Douglas	EEG alpha production correlates of cognitive style differences and recall from poetry
1983	Santurri, Denise Ann	The effect of breast self-examination training procedures on bilateral transfer
1983	Siegel, David M	Aspects of the feeding ecology of snapper fishes (Lutjanidae)
1983	Williams, Lawrence Henry	An interactional approach to the assessment of alcohol abuse
1982	Baker, Ronald M	Effects of nutrient depletion on morphology and surface affinity of Vibrio cholerae in microcosms
1982	Dzieszkowski, Patricia A	The relationship between role satisfaction and mid-life crisis: as a source of change for professional men
1982	Grigsby, Marie E	Effects of diuron, caparol, and terbacil on three physiological processes of Ruppia maritima L
1982	Kozak, Lucy JoAnna	A description of child care facilities available for infants from birth to twelve months of age in Escambia County, Florida
1982	MacDonell, Michael T	Isolation, characterization, and distribution of ultramicrobacteria from a Gulf Coast estuary
1982	MacPherson, John	An application of optimal control
1982	Maier, Patricia Lane	Bibliotherapy for reduction of children's fear of the dark
1982	Malone, Dianne Marie	Effect of distance on the physiological reactions of subjects in an emergency helping situation
1982	Marse, Constance Helen	Greetings: a screenplay

1982	Ness, Gregory E	Survival of <i>Vibrio</i> spp of public health significance in naturally contaminated Gulf Coast oysters
1982	Pegg, Randall Kevin	Development of an aquatic vertebrate model for the assay of chemically-induced cytogenetic damage
1982	Powers, Elaine Ann	An in vitro culture of guppy chromatophores
1982	Ray, Marjorie Jean	Digestive proteases of the American horseshoe crab <i>Limulus polyphemus</i>
1982	Roszak-MacDonell, Darlene	Isolation and distribution of bioluminescent bacteria in Gulf Coast estuaries
1982	Royster, Brenda Joyce	Factors influencing hemispheric specialization
1982	Stanton, Karen Farabaugh	Craftsman-entrepreneur vs opportunistic-entrepreneur: differences in achievement motivation and risk preferences
1982	Touart, Leslie Wharton	The effects of diflubenzuron on molting and related events in two estuarine crustaceans: the mysid shrimp <i>Mysidopsis bahia</i> and the grass shrimp <i>Palaemonetes pugio</i>
1982	Turaniczko, Michael	The relationship of cognitive processing styles to semantic inferential reasoning and memory performance
1982	Wiernicki, Christopher	Assimilation efficiency by <i>Procambarus clarkii</i> fed elodea: and its products of decomposition
1982	Williamson, Robert Paige	Batch evaporator control
1982	Winter, Mark Andrew	The swimming response of the bay scallop <i>Argopecten irradians</i>
1981	Adkison, Daniel Lee	Systematic study of eight bopyrids (Isopoda, Epicaridea) from North America
1981	Benson, Jack	Predicting success in the treatment of military personnel
1981	Bourke, Denis Anthony	Low-level radioactive waste management: technical realities and political challenges
1981	Bueler, Charles Matthew	Experiments in feeding preference with <i>Pteronarcys Pictetii</i> (Plecoptera: Insecta) in a small, acidic, woodland stream
1981	Costello, Debra	Behavioral bibliotherapy and the treatment of childhood fear of the dark
1981	Dicks, Lorna-Lynne	Development of a checklist for teachers to identify creative potential in kindergarten children by Lorna-Lynne Dicks
1981	Dickson, Sandra Jean	The Electric church in America
1981	Greene, Paul Gregory	A behavioral model of pain perception
1981	Gribben, William James	The aspect of argument in the Ford-Carter debates of 1976
1981	Ideen, Dana R	Impact of stress in the air combat environment: models for predicting performance
1981	Lasfargues, John Emmanuel	Evaluation of bacteria as a food resource for juvenile <i>Arenicola Cristata</i> Stimpson (Polychaeta: Arenicolidae)
1981	O'Neill, Ellen Jeanne	Early embryogeny of the fern <i>Lorinseria Areolata</i>
1981	Penn, John Sidney	Effects of continuous light on the retina of a fish, <i>Notemigonus Crysoleucas</i>
1981	Rawlins, Robert Lee	Relationship between arousal and athletic performance of female college basketball players
1981	Ross, Thomas Anthony	Attitudes toward divorce in a county in Northwest Florida
1981	Staton, R Keeth	Effects of kraft pulp mill effluent on the growth of the green alga, <i>Stigeoclonium Helveticum</i>
1981	Trent, James Russell	Comparison of three levels of religiousness with MMPI scale scores
1981	Williams, G Don	Locus of control versus delta and gamma alcoholism
1981	Williams, John Sutherland	Life history aspects of the brown darter, <i>Etheostoma edwini</i> (Pices: Percidae), in Northwest Florida
1981	Zorn, Nicholas Donald	A microprocessor application in structural security
1980	Acheson, Charles Norman	The creation of the Office of Management and Budget and a Domestic Council within the executive branch of the government (1970-1979): its historical antecedents, goals and prospects

1980	Armstrong, Mary Alice	A study to determine relationships which exist between learning styles exhibited by academically talented elementary students and the expressed preferences for instructional strategies of elementary teachers
1980	Ashton, Charles E	The response of pinfish (<i>Lagodon rhomboides</i>) to cryptic and non-cryptic flounder (<i>Paralichthys albigutta</i>)
1980	Bieger, George Robert	Developmental differences in children's recall of prose
1980	Blanchard, Dallas A	Some social and orientative correlates of career change and continuity as revealed among United Methodist pastors of the Alabama-West Florida Conference, 1960-1970
1980	Carrington, Sue Alice	Use of behavior modification, assertive training, and behavior modification combined with assertive training in weight control in an Air Force population
1980	Collins, Jackie L	A comparison of the Koppitz and Hutt techniques of Bender-Gestalt administration correlated with WISC-R performance scores
1980	Cowley, Gayle J	An historical examination of media manipulation by the US government and special interest groups
1980	Dantzman, Charles L	A morphological and genetic study of certain West Florida soils
1980	Gardner, Melita Barabas	A woman's odyssey: Kate Chopin's Edna Pontellier as paradigmatic modern heroine
1980	Garwood, Thomas Paine	Behavior modification in the industrial-organizational setting
1980	Gilmer, Marshall Ellisor,	The teaching effectiveness of faculty as measured by student evaluations at the University of West Florida
1980	Hamel, Ann Totaro	A comparison of the effects of assertive training and decision-making skills on women's self-concept and locus of control
1980	Kritselis, Stella Krom	Survey of techniques in teaching language to autistic children in the United States, China, and other countries
1980	Lewis, Frank David	Competitiveness along with parental pressure for success in the etiology of paranoia: a theoretical analysis
1980	Masters, Johanna Kathren	Effects of instructions on the transfer of cognitive categories
1980	McBroom, Linda Kay	The effects of bibliotherapy, rational-emotive therapy, and a combination treatment on the self-concepts of third- and fourth-grade students
1980	McGaughran, Virginia Lee	Feminist attitudes, self-concept, and self-actualization of rural women
1980	Morrison, Michael K	The modeling and optimization of IBM's binary synchronous communications protocol, using system-related parameters
1980	Murray, Donald Michael	General linear regression representation of solutions to the matrix Ricatti equation
1980	Pierce, Dale Thomas	Effect of participation in a tutorial program on the self-concept of delinquents
1980	Popejoy, Sharon Lynn	The relationship of job strain to job stress, locus of control, and social support among nurses
1980	Pyle, Thomas Edward	Structure of the west Florida platform, Gulf of Mexico
1980	Quackenbush, L Scott	Studies on the mechanism of action of a pigment-dispersing chromatophorotropin in the fiddler crab, <i>Uca pugilator</i> (Bosc)
1980	Rowell, James V	Investigation of achievement in spelling of second-grade pupils instructed by a multi-sensory approach
1980	Russell, Bryon James	Adaptive significance of trail-following in <i>Littorina irrorata</i> Mollusca: Gastropoda)
1980	Sofferin, David A	Effects upon test anxiety of imitated versus non-imitated vicarious systematic desensitization
1979	Aumen, Nicholas Gerard	Succession of microorganisms on a natural chitinous substrate in an acidic woodland stream
1979	Barber, Charles Edward	The metazoan parasite-mix of the alimentary canal of American feral sus scrofa
1979	Bennett, Chipley	A study of the chitinase of <i>Bacillus megaterium</i>

1979	Berrigan, Mark Eugene	Cellular responses in <i>Crassostrea virginica</i> (Gmelin) to natural infection of nematode larvae: histopathology
1979	Caswell, Alice Nelson	An evaluation of the Florida State University University of West Florida cooperative doctoral program
1979	Cook, Daryl Gene	Correlation of high school completion and receiving vocational training with income and job complexity attainment
1979	Cripe, Geraldine Mae	The swimming stamina of <i>Mysidopdsis bahia</i> : as affected by age, genetic history, and pesticide exposure
1979	Dayton, Michael Peck	Assertion, non-assertion, and instrumental autonomic arousal reduction
1979	Enfinger, F Adrian	The mass press in America
1979	Fredrickson, Herbert L	A comparative study of the fate of carbaryl, methyl parathion, and pentachlorophenol in aquatic microcosms
1979	Giga, Susan Elizabeth Deigan	Associations between personality characteristics of drinkers and the behavioral impairment aspects incurred while drinking abusively
1979	Handrop, Moneva Arrant	Use of a two-stage oral proofreading procedure to improve syntax in sixth graders written composition: an action research study)
1979	Harden, Harold Deleane	A study of the academic success of selected transfer students at the University of West Florida
1979	Hunt, Donald K	Value of a selected battery of psychological tests for predicting EEG activity
1979	Jones, Joseph Martin	Differences among the amplitude-frequency distribution of vocal energy of enlisted military personnel, engineers, and PhD level managers
1979	Jones, Ronald Dean	Isolation and characterization of nitrifiers and the effect of selected parameters on the rate of nitrification
1979	Metzger, Helen M	Differential hemispheric temperature as an index of cognitive style
1979	Mitchell, Donald Victor	Diel patterns of vertical microstratification of neuston in Santa Rosa Sound
1979	Norris, Robert Gerald,	Analyzing the cost-efficiency of an academic department and its instructional personnel at the University of West Florida
1979	Ryan, Susan S	Implementation of Fernald's approach to spelling instruction in a middle school learning disabilities program
1979	Woolf, Janice Wiggins	A study of two approaches to the evaluation of children's written composition
1978	Bradley, William Kenneth	Artificial hybridization of five brackish-water species of <i>Fundulus</i> (Pisces: Cyprinodontidae)
1978	Brannon, Anita C	Barium, strontium, and calcium in the exoskeletal and soft tissue of the grass shrimp, <i>Palaemonetes pugio</i> , in relation to the molt cycle
1978	Cox, James William	Efficacy of a new aversion-relief technique on snake phobics
1978	Crompton, William Grady	The relationship between cellular carbon and cell volume in several aquatic bacteria y William Grady Crompton
1978	Evans, Kathryn M	Inter-ethnic family relationships: an examination of children's literature utilized in an Escambia County public school
1978	Fritch, Patricia Beninate	Internal external locus of control changes in high school freshmen as a result of a structured decision-making and career planning-program
1978	Griffin, Jeffrey W	A rocket engine exhaust plume temperature profile by line reversal technique
1978	Hastings, Philip Alan	The biology of the belted sandfish, <i>Serranus subligarius</i> (Pisces: Serranidae)
1978	Holmlund, Janice Rae Roberts	A living historical farm: projections for Pensacola
1978	Howard, Walter Thomas	The Claude Neal lynching and Marianna riot, October, 1934
1978	Lunsford, Elaine Lewe	Effect of peer tutoring stimulated by group competition in high school algebra classes on mathematics achievement and attitudes toward school
1978	Mansfield, Denise C,	The effects of group discussion on th death-related attitudes of high school students
1978	Mansouri, Hassan	Political development in Morocco

1978	Moudden, Abdelhay Mohamed	American political studies of the contemporary Arab world
1978	Nicholson, Grace M	A contingency-managed approach to the treatment of juvenile law-violators' problem behaviors
1978	Peel, Frederick Dwyne	Vegetation for noise abatement
1978	Pickard, Bessie	Effects of employers' experiences with ex-mental patient employees on employers' willingness to hire ex-mental patients
1978	Pruitt-Glass, Johanna	Differential effect of fetal head position during delivery on newborn behavior
1978	Tempelhoff, Lawrence Johann	A comparative study of recreational programs at an American university and a South African counterpart
1978	White, Conrad Brian	Predation on cultured lugworms (<i>Arenicola Cristata</i> Stimpson)
1977	Ancarrow, Janice Muriel Sheppard	Relationship of birth order to anxiety as indicated in two tests of motion sickness susceptibility in naval student aviators
1977	Bird, John	Levels of conviction as predictors of behavior in times of crisis
1977	Carr, Barbara Ann	Orientation of <i>Carassius auratus</i> (Cyprinidae) and <i>Ictalurus melas</i> (Ictaluridae) in a natural and augmented magnetic field
1977	Chapman, Robert Wayne	Plasma proteins and systematics of the genus <i>Centropristis</i> Pisces: serranidae)
1977	Etchen, Laura Lynne	Performance and satisfaction of subordinates as affected by male vs female leaders
1977	Freeman, Thomas Jasper	Task assignments in selected academic libraries in the Southeast
1977	Gamble, Darwin	Predictive models of per capita police expenditures in the central cities
1977	Garrity, Mary Ann	Disruptive behavior in fifth-grade students
1977	Gilmartin, Richard John	Awareness of sex stereotypes in young children
1977	Grolemund, Lucie Bea	Study of variative reinforcement procedures through a basic introduction to the metric system
1977	McNeil, Charles Robert	The red snapper industry in Pensacola, 1845-1865: an historical perspective
1977	Monroe, Diane Hymes	The effects of modes of conscious processing on verbal recall and perceptual test scores
1977	Odom, H Wesley	Cayetano Perez and the fall of Mobile
1977	Piotrowski, Chris	Locus of control orientation and perception of hurricane in fifth graders
1977	Roush, Marvin D	Self-Control-1 (SC-1), a self-control version of cognitive intervention therapy for the treatment of stress-related diseases
1977	Shaw, John Kevin	The distribution of marine meiofauna on two low energy beaches in northwest Florida during 1974 with particular reference to the gastrotricha
1977	Titus, Erin R	Effectiveness of transactional analysis in group therapy on self-perception
1977	Whitman, Donald L	Alienation and the American voter: 1964-1972
1977	Wilson, Donald Ira	Sex-role stereotyping in elementary and special education majors
1977	Winstead, James Thomas	Ultrastructure of the testis of the pinfish <i>Lagodon rhomboides</i> (Sparidas) with emphasis on the possible homology between cyste epithelial (CE) cells and mammalian sertoli cells
1976	Bledsoe, John Lindsay,	Multiplexing in computer generated holograms
1976	Campbell, Elizabeth S	The role of environmental and demographic factors in the occurrence of hyperactivity in elementary school children
1976	Chilcutt, Dan M	Police patrol deployment systems Patrol administration by management-by-objectives)
1976	Davidson, Kincaid	The relation between the continuation of therapy and satisfaction with service among clients of a community mental health center
1976	Davies, Jay Howard	A method of determining the expected frequency-of-occurrence of fish in lotic environments
1976	Donovan, Timothy J	Prediction of residential treatment outcome for adolescent poly-drug abusers

1976	Fischer, Roswitha Burkhardt	Treatment of the indigent schizophrenic out-patients in Escambia County
1976	Fritch, Charles O	Personality differences between successfully and unsuccessfully treated drug abusers as indicated by the MMPI
1976	Fyfe, Linda Williams	Rorschach space responses and WISC-R digit span as indices of negativism in children
1976	Graeper, Friedrich August	The interaction model of anxiety using alcoholics and non-alcoholic psychiatric outpatients
1976	Hawks, Carol Ann	Some new applications of the method of incremental analysis
1976	Howell, William L	The effects of extra sensory perception, sex, and locus of control on free recall and clustering
1976	Kirkland, Karl	Efficacy of meditation and deep muscle relaxation training with group and individual instruction on heart rate and approach responses to fearful stimuli
1976	Latham, Carolyn Ennis	Effects of teacher attitude toward mathematics on student achievement in mathematics
1976	Mathews, Samuel R	The sensitivity of a semantic grammar in measuring developmental changes in prose recall
1976	Rowe, William Patrick	A probe into the nature of human cognition and consciousness
1976	Rubinstein, Norman I	Thermal and haline optima and lethal temperature limits affecting the culture of <i>Arenicola cristata</i> Stimpson Polychaeta: Arenicolidae)
1976	Sanza, James N	Effects of microwave radiation on different response rates in rats
1976	Smith, Beverly H	Biochemistry of the venom of a marine annelid <i>Glycera Dibranchiata</i>
1976	Speicher, Helen Ross	Creativity as a variable in successful managerial performance
1976	Turner, Clara Campbell	Professional career opportunities in federal prisons: necessary personal qualities and estimated personal safety
1976	Tyler-Schroeder, Dana Beth	Effects of two polychlorinated biphenyls, Aroclor <superscript R> 1016 and 1242, on the grass shrimp <i>Palaemonetes Pugio</i>
1976	Zahendra, Peter,	Spanish West Florida, 1781-1821 <microfilm>
1975	Bahner, Lowell Harvey	Toxicity and accumulation of cadmium from water and live food, and some physiological consequences of cadmium poisoning to <i>Palaemonetes</i>
1975	Baker, Robert Owen	Studies of Myxosporida (protozoa) in the mullet <i>Mugil cephalus</i>
1975	Bloodworth, Ronald Eugene	The effect of three different reward conditions on subsequent time spent on an intrinsically interesting task as a function of locus of control
1975	Bohnert, Gary Richard	Ventromedial hypothalamic lesions and nutritive preference behavior in the rat
1975	Bradley, Robert Wayne	Drug abuse in the military: correlations of successful rehabilitation
1975	Bruno, Amaryllis Lee	A study of behavior learning principles applied to the training of Supervisors
1975	Chatfield, Stephen Riddle	Non-verbal assertive cues
1975	Coffman, George Michael	Psychophysical variables in neoplastic disease: a conditioning approach
1975	Coffman, Mary Frances	The use of desensitization, modeling, and emotive imagery in children's books for the reduction of fears
1975	Fuller, Robert Leighton	A comparison of retirement adjustment between military officers and enlisted personnel on measures of years retired and pre-retirement planning
1975	Harris, Steven Dell	The effects of time constraints on operator performance in a manual data-keying task
1975	Huybregts, Brigitte	The influence of inner-directed versus other-directed personality traits on the functioning of a group
1975	Kiefer, Lynda Arlene	Observations of bioluminescent bacteria in continuous culture
1975	Mailly, George Frederick	Frequency of counselor self-disclosures and client's perception of counseling relationship

1975	Maynard, Cyril Duncan	A study of the pass-fail grading system, 1971-72 and 1972-73, at the University of West Florida
1975	Olsen, Peter Carlton	Computer simulation of a Coast Guard search and rescue air station
1975	Pearce, Bettye Jefferies	Diagnostic questionnaire for identification of problem drinkers among persons convicted of driving while intoxicated
1975	Pharr, Rebecca Casey	Comparison of two reporting systems
1975	Prewitt, Dennis D	Interrelations between measures of motion history, personality, and immediate reactions to unusual motion stimuli
1975	Przybyszewski, Vincent A	A study of certain in vitro interactions between two bacteria and the green alga <i>Chlorococcum infusionum</i> Schrank
1975	Schimmel, Steven	The effects of toxaphene on the survival of <i>Fundulus similis</i> (Pices: Cyprinodontidae)
1975	Schneider, Debra Ann	Transactional analysis: intensive versus time spaced counseling to improve self-concept among college students
1975	Smith, Ruby Pearl	A comparison of black and white counselors' familiarity with the black experience
1975	Stanton, Charles D	Genoa and Pisa: the triumph of West Italian sea power in the Mediterranean
1975	Werthman, Virginia Gauriloff	Self-actualization and the feminist movement
1974	Auld, Andrew Harrison	The tolerance of juvenile striped mullet, <i>Mugil Cephalus</i> , to osmotic stress with reference to the effects of calcium
1974	Bice, Anne Sherwood	Operant behavior of squirrel monkeys in the presence of stimuli paired with positive reinforcers
1974	Butt, Arthur Jordan	Contributions to the biology of the monogentic trematode family Mazocraeidae with the description of <i>Neogrubea</i> sp
1974	Cinco, Raymond	The storm petrel of the American Navy: the naval career of Rear Admiral Charles Wilkes
1974	Connerley, Phyllis Yvette King	Attitudes of RNs in northwest Florida toward continuing education
1974	Cotharin, Robert Louis	Systematic desensitization of racial responses
1974	Creighton, Sharon J E	The design and construction of a mesic hardwood hammock nature trail and its translation into education guides
1974	Dinning, William David	A behavioral scale to assess study difficulty
1974	Doyal, James Thomas	An econometric model of a southern electric utility
1974	Fabel, Robin F A,	Governor George Johnstone, 1730-1787 <microfilm>
1974	Gualtiere, Marie Anita	Effect of contemplative meditation on creativity
1974	Hackett, Robert Bruce	Studies on the physiology of color changes in the marine isopod <i>Ligia olfersii</i>
1974	Hart, James Kenneth	Transference effects within varied part to whole list learning
1974	Jacobs, Eugene F	Volunteer selection and screening for hotline counseling
1974	Jamison, Philip Charles	The future of the Atlantic community: nationalism, partnership, or union
1974	Krasowski, John	Solvent abusers: a review (1962-1972), theory, and treatment plan
1974	Krueger, Nancy Jean	The house symbol in selected British novels from Fielding to Joyce by Nancy Jean Krueger
1974	Landry, Gregory Clegg	Analysis of certain aspects of sea water foam
1974	Mattlin, Robert Henry	Chaetognaths of the Caribbean Sea
1974	McDonald, Harold Jack	The application of physical criteria for excretory ultrafiltration to <i>Aequipecten irradians concentricus</i> (lamarck) (bivalvia) and <i>Melongena corona</i> (gmelin) (gastropoda, prosobranchia)
1974	McDonough, LaVerne	The effects of verbal and material reinforcement on the performance of children with different reinforcement histories
1974	Meyer, Edward Henry	Studies on alarm reactions and substances in five freshwater fishes of northwest Florida
1974	Moore, Homer Jackson	The dependence of vestibular information transmitted on stimulus magnitude

1974	Rispoli, Chester Matthew	A comparison between secondary school counselors' and their principals' perceptions of the counselor's non-counseling, administrative role
1974	Robertshaw, Thomas Stevens	Range and load capabilities of proposed coast guard high speed search and rescue craft
1974	Schomer, N Scott	Systems models and simulations of the recovery of Escambia Bay
1974	Schwartzberg, Jill M	Sex differences in the Mandler effect using compatible word lists as stimulus material
1974	Seibert, Philip John	Natural language input and the critical path problem: an application in artificial intelligence
1974	Smukler, William	The emergence of massed time as a determinant of therapeutic gain in individual psychotherapy
1974	Watson, John William	Electric shrimp trawl catch efficiency estimated in situ and predicted with a mathematical model derived from electrical stimulation responses of <i>Penaeus duorarum</i> and <i>Penaeus aztecus</i>
1974	White, Elmer Ellsworth	The use of multiple raters on the teacher appraisal check list
1973	Anderson, Cynthia Michaelis	Repression-sensitization and self concept in male juvenile delinquents
1973	Anderson, Jacquelyn Kimberly	The prevailing problems of high school students and the discrepancies between students' versus counselors' and counselor educators' perceptions of student problems
1973	Applegate, Michael Clark	Aspects of the biology of the slippery dick, <i>Halichoeres bivittatus</i> (Pisces: Labridae)
1973	Baisden, Annette Gaidis	Attitudes of military personnel toward women with specific reference to naval aviation
1973	Beadal, Felicia Powell	The foreign policy of the British labor party during the crisis decade, 1929-1939
1973	Beecher, Hal Arthur	Studies of the color phases of the cocoa damselfish, <i>Pomacentrus variabilis</i> (Pisces: Pomacentridae)
1973	Borchardt, Curtis George	Population density and international aggression
1973	Colmant, Webb Gibson	Personality differences between LSD users and nonusers as measured by the MMPI
1973	Davis, Warren Ray	The effect of communication development on the level of political stability in the modernizing society
1973	Einbecker, Pauline Godwin	The relationship between academic performance and reading ability of junior college freshmen in four northwest Florida institutions
1973	Etheredge, Jack Madison	Behavioral analysis of the college recruitment interview
1973	Gilbert, Laura	Racial attitudes expressed in The Pensacola News Journal, 1919-1925
1973	Gill, Mark Eric	The relationship between technological complexity and punitiveness of legal sanctions
1973	Green, Frances Margaret	Nitrogen fixation in salt marshes of the northern gulf coast of Florida
1973	House, Judith Gail	Influence of attitude similarity on perceived physical attractiveness
1973	Hussong, Rosalind Grace	Reported sexual attitudes and behaviors of self-actualizers and non-self-actualizers
1973	Jacob, Philip Robert	The effect of specialized training sessions on job placement
1973	Johnson, Emma Jean	Social history variables of conscientious objectors
1973	Marsh, Irene	Use of the 16 PF to investigate personality changes in career and life planning students
1973	McSherry, Marian Carbery	Changes in self concept in repressors and sensitizers over a sensitivity training program
1973	Murphy, Christine Victoria	A behavioral interpretation of the treatment of sexual dysfunctions by Masters and Johnson
1973	Pope, Sharon S	Harold B Grow and the establishment of aviation in Peru, 1924-1930
1973	Sandlan, Kenneth Paul	Colony ontogeny in the imported fire ant, <i>Solenopsis saevissima</i> , variety <i>Richteri</i>
1973	Sweeney, Sandra Katherine	Osmotic and ionic regulation in the estuarine hermit crab, <i>Clibanarius vittatus</i> (Decapoda: Anomura)

1973	Thurman, Carl Leo	Aspects of anoxic metabolism in the fiddler crab <i>Uca Minax</i> (crustacea: decapoda) and the distribution of fiddler crabs of the genus <i>Uca</i> along the northern coast of the Gulf of Mexico
1973	Weeks, Barbara Anne	The artist John Sloan's encounter with American socialism
1973	Wiljanen, Daniel	Organizational development in a hospital: a case study
1972	Adams, John Kenneth	A comparative study of phytoplankton primary productivity and related parameters in two Northwest Florida estuarine bayous
1972	Arbona, Joseph	British agents in Texas, 1842-1846
1972	Armstrong, William Lee	The removal of the threat of failure and a substitution of a specific reporting system for traditional grading practices and its effect on students, parents, and teachers
1972	Baird, Emily Nadine Blackwood	Relationship between social-family variables and drug use
1972	Bond, Daniel Patrick	Poe's voyage fiction
1972	Conover, Elizabeth May Jones	British West Florida's Mississippi frontier during the American Revolution,
1972	Gilmore, Richard Grant	The cephalic nerve pattern and lateral line system of <i>Hyporhamphus unifasciatus</i> and <i>Strongylura marina</i> (Pisces: Exocoetidae, Belonidae)
1972	Hall, Franklin Walter	Grades and verbal interaction as a function of proximity to the teacher
1972	Hannah, Robert Peyton	Primary productivity and certain limiting factors in a bayou estuary
1972	Keller, George Raymond	The relationship between laboratory training and organizational effectiveness in differing organizational climates
1972	Kreiler, Christopher Gene	The generation of search and rescue cases by computer
1972	Lawson, Harry Ted	Manifest anxiety and response latency as correlates of success in naval aviation training
1972	Lofton, Gregg Hosselton	Changes in vocational attitudes through science
1972	Lowrey, Amy S	Perceived differences in driving ability among drivers with high and low blood alcohol concentrations
1972	Miller, Sandra Fontaine	An efficiency study of five quantitative methods for the estimation of phytoplankton populations
1972	Parjani, Laura L	Effects of knowledge of results on vigilance decrement in pre-schoolers
1972	Roberts, Harmon Martin	Special agents in the beginning of the US relations with Venezuela
1972	Simmons, Alfred Timothy	The dynamics of nitrogen and phosphorus in a bayou estuary
1972	Sumerlin, John Raymond	Relationship between method of handling anxiety and criminal behavior against persons
1972	Torbert, Vance Wiley	Toward a paradigm of inter-nation integration: some room on the subway
1972	Turi, Dorothy Gottfredsen	A study of the development of psychological warfare during World War One
1972	Tyree, Lawrence Worley	The history and cooperative relationships of a community college and an upper level university
1972	Ward, Grover Milton	Limnological aspects of an incipient oxbow lake with notes on the chironomidae (insecta: diptera)
1972	Whiting, Nicholas Howard	The effect of substrate on the distribution of <i>Uca minax</i> (crustacea: decapoda)
1972	Wilson, Charles Ronald	A vitamin B-12 study in portions of Escambia and Blackwater Bays, Florida
1972	Yeaton, Barbara Thompson	Frank Mayes, a southern progressive editor, 1899-1915
1971	Bohannon, Betty Jo	The occurrence of nitrogen fixation in Escambia Bay and Mulatto Bayou
1971	Buck, Susan Whitlow	Chitinoclastic bacteria in copepods
1971	Carroll, Janet Dearinger	The development of the teacher appraisal check list under three sets of rater instructions
1971	Clark, Cleo Lochas	A report of the development and implementation of an instructional program in elementary arithmetic based on a diagnostic approach
1971	Cole, Timothy James	Osmotic and ionic regulatory abilities of <i>Uca minax</i> in relation to its ecology

1971	Davis, James Clarence	The diplomatic response of the United States and Great Britain to the challenge of European dictatorship
1971	Deissler, Harriett Gilmore	The Pensacola Chamber of Commerce, 1939 to 1950
1971	Gray, Robert Edward,	Elias Durnford, 1739-1794: engineer, soldier, administrator
1971	Hall, Effie Lorene	Intergenerational evaluations of behaviors that communicate understanding
1971	Lyle, Martha Bankson	Media and performance objectives in teaching measurement of volume
1971	Neubart, Karen Rose	Relationship between dream recall and the need for achievement
1971	Northup, Marie Caron	The determination of human serum folate levels in five age groups
1971	Polk, James Knox	Pensacola commerce and industry, 1821-1860
1971	Rees, Malcolm Channing	The unity of Melville's Battle-pieces
1971	Scott, Joan Helen	Santa Rosa county, 1900 to 1920, its place in the new South
1971	Shelley, Dian Lee	The effects of increasing racism on the Creole-colored in three gulf coast cities between 1803 and 1860
1971	Skinner, Kenneth David	Influence of motivation on the frequency of dream recall
1971	Wetzel, Richard Lee	Analysis of cohabitation by <i>Gambusia Affinis</i> and <i>Poecilia Latipinna</i> (Pisces: Poeciliidae) in a salt-marsh canal in Florida
1971	Williams, Stephen David	Effect of instructor interest in students on their informational achievement
1970	Kelly, Addeane Shumate	An autumn in English culture: caution, melancholy and escape in the sixteenth century
1970	Massey, Richard Walter	A history of the lumber industry in Alabama and West Florida, 1880-1914
