

Graduate Certificate Programs

Department of Mathematics and Statistics

A student who takes three courses may get a graduate math/stat certificate. After a student finishes the three courses with a minimum grade of B in each course, he/she will receive a certificate from the department if he/she applies for it.

- 1. Graduate Applied Statistics Certificate**
 - a. STA5206 Analysis of Variances
 - b. STA5207 Regression
 - c. Any approved statistics course at 6000 level.

- 2. Graduate Biostatistics Certificate**
 - a. STA5990 Biostatistics
 - b. STA5206 Analysis of Variances
 - c. Any approved statistics course at 6000 level.

- 3. Graduate Computation Math Certificate**
 - a. MAS5106 Matrix Theory
 - b. MAD6405 Numerical Analysis
 - c. Any approved math course at 5000 or 6000 level.
