

# Online Math Graduate Program

*The courses will be taught online using  
Elluminate*

*Elluminate Live is a world-class, real-time training, demonstration and collaboration environment that is powerful, flexible, and easy to use. Elluminate's collaboration environment enables the delivery of live, online learning, training, coaching, mentoring, and meeting. Effectiveness is increased by engaging participants with the ability to talk over the internet (with full, 2-way audio), exchange text messages, display live video, share whiteboards, multimedia files, and applications—all in one intuitive, graphical interface.*

What can an online course in Mathematics do for **YOU** ?

- This approach will allow students to enroll in these courses from any location with the internet.
- Students can complete all required courses for a Masters of Science in Mathematics online.
- Students are able to listen to the lectures, show examples to the instructors, ask question, chat with classmates. Since all lectures are recorded, students can review the class online.
