Dean, College of Engineering
University of Florida
PO Box 116550
Gainseville, FL 32611-6550

Dear Dr. Khargonekar:

The Engineering Accreditation Commission (EAC) Executive Committee reviewed the official notification concerning the hand-off by December 31, 2008 of the Electrical Engineering (BS) Program and the Computer Engineering (BS) Program currently offered by University of Florida at the University of West Florida campus to University of West Florida's control. The EAC Executive Committee voted to continue accreditation for the two above-mentioned programs until September 30, 2013.

Both programs should document in their 2012-13 general comprehensive review Self-Study Report that the programs sought and received a continuation of accreditation through the transition. The ABET website will be updated by January 3, 2009 to reflect the hand-off of the Electrical Engineering and the Computer Engineering Programs to the control of University of West Florida.

As always, the EAC appreciates your diligence in keeping the Commission informed of changes. The Commission looks forward to the general review in the 2012-13 evaluation cycle.

If I can be of any additional service, please contact me.

Sincerely,

Maryanne Weiss
Accreditation Director
